8	Ms. Preeti Singh, (Warden, Saraswati Girls' Hostel)	16	Er. Hira Singh Yadav, Member Secretary

The following agenda items were discussed and the decisions taken are recorded as under:

Point No. 1: Preparations for New Academic Session 2026–27:

At the outset of the meeting, the Director General emphasized the roles and responsibilities of the Hostel and Canteen Management Committee (HCMC) in ensuring the proper administration, management, and maintenance of all hostels and canteen facilities of BSSGI.

The Director General apprised the committee members of the renovation and refurbishment works completed during the previous month, including floor tiling, improvement of the mess area, repair/replacement of taps and toilet flushes, repair and replacement of doors, and painting of hostel rooms, toilets, and verandahs. The hostel residents present in the meeting expressed their appreciation for the improvements and conveyed their thanks to the management. They also requested that the remaining floors of the hostels be renovated and refurbished in a similar manner.

The committee was further informed that Kota stone fixing work on the staircases is currently in progress. In addition, exhaust fans have already been installed in the dining hall and cooking area of the mess to improve ventilation and maintain a hygienic environment.

The members reviewed the existing arrangements and emphasized that all hostel-related facilities must be clean, hygienic, safe, functional, and fully prepared before the arrival of students for the New Academic

Session 2026–27. The committee further stressed the need for regular monitoring and timely completion of all pending maintenance and refurbishment works.

Point No. 2: Review and Revision of Mess Menu:

The existing mess menu was discussed and reviewed in detail. It was decided that the menu should be revised to provide students with nutritious, balanced, hygienic, and varied meals.

Suggestions received from hostel inmates regarding breakfast, lunch, evening snacks, and dinner were discussed and duly considered. Based on these suggestions, appropriate modifications were incorporated into the menu to ensure greater variety, nutritional value, and student satisfaction.

The revised menu will provide adequate variety while maintaining appropriate nutritional standards and ensuring the quality, hygiene, and taste of food. After thorough deliberation with the hostel inmates and considering their suggestions, the following Mess Menu was finalized for implementation with immediate effect.

The committee also emphasized the importance of avoiding food wastage and unanimously decided to display the message:

"NOT TO WASTE FOOD"

All concerned were advised to ensure its strict implementation and to encourage students to consume food responsibly and avoid unnecessary wastage.

BSSGI (Boys and Girls Hostel)

SESSION: 2026-27

Point No. 3: Hostel Facilities and Student Welfare:

The members discussed the need to ensure the proper availability, cleanliness, hygiene, safety, and regular maintenance of essential hostel facilities, including drinking water, sanitation, electricity, security, and other basic amenities.

The hostel inmates were informed that the repair and maintenance of all water purifiers and water coolers installed in the hostels had been completed during the previous month to ensure the availability of safe and potable drinking water for students.

The Director General suggested that metallic nets be installed over the exhaust fans to prevent flies and other insects from entering the hostel dining and cooking areas, particularly during the evening hours. Mr. Amit Kumar Singh (Warden) suggested the purchase and installation of two fly catchers—one in the dining area and one in the kitchen area—to effectively control flies and maintain proper hygiene.

The members further emphasized that regular feedback from students regarding hostel and mess facilities and services should be obtained and duly considered for continuous improvement.

Mrs. Priti Singh suggested that room numbers be displayed/assigned in Saraswati Girls Hostel to facilitate better identification, administration, record-keeping, and room allotment.

The committee appreciated the suggestions and emphasized their timely implementation to ensure a clean, hygienic, safe, and student-friendly hostel environment.

The meeting concluded with a vote of thanks to the Chair.
